

ENERGY MONITORING · INJECTION MOLDING

# Injection Molding Energy Meter

Per-machine electricity monitoring for injection molding plants.  
See live kW and kWh for every machine, with one-click energy reports.

## THE PROBLEM

# No Central Energy Monitoring

Each machine consumes electricity on its own, but there is no single place to see how much. Consumption stays scattered, unrecorded, and impossible to compare.

**01**

### No single view

Every machine tracked on its own, or not at all

**02**

### Nothing recorded

Machine energy is never logged or stored

**03**

### Manual checks only

Readings taken by hand, if they happen

**04**

### No way to compare

Cannot rank machines, shifts or days

You cannot manage energy you cannot see in one place.

THE SOLUTION

# One Meter Per Machine

A compact energy meter fits on each injection molding machine. It measures that machine’s own electricity and streams live kW, power factor and total kWh to one dashboard.

Existing machine

Edge Energy Meter

One meter per machine. No machine changes, no production stop.

- Live kW
- Power factor
- Total kWh
- Per machine

WHAT YOU GET

- ✓

**Live central dashboard**  
Every machine in one place
- ✓

**Per-machine kWh**  
Live kW, hourly and daily energy
- ✓

**Automatic logging**  
No manual meter reading
- ✓

**Never loses data**  
Keeps recording through outages
- ✓

**One-click Excel reports**  
Plant or a single machine
- ✓

**Compare and rank**  
By machine, shift or day

One meter per machine. One dashboard for the whole plant.

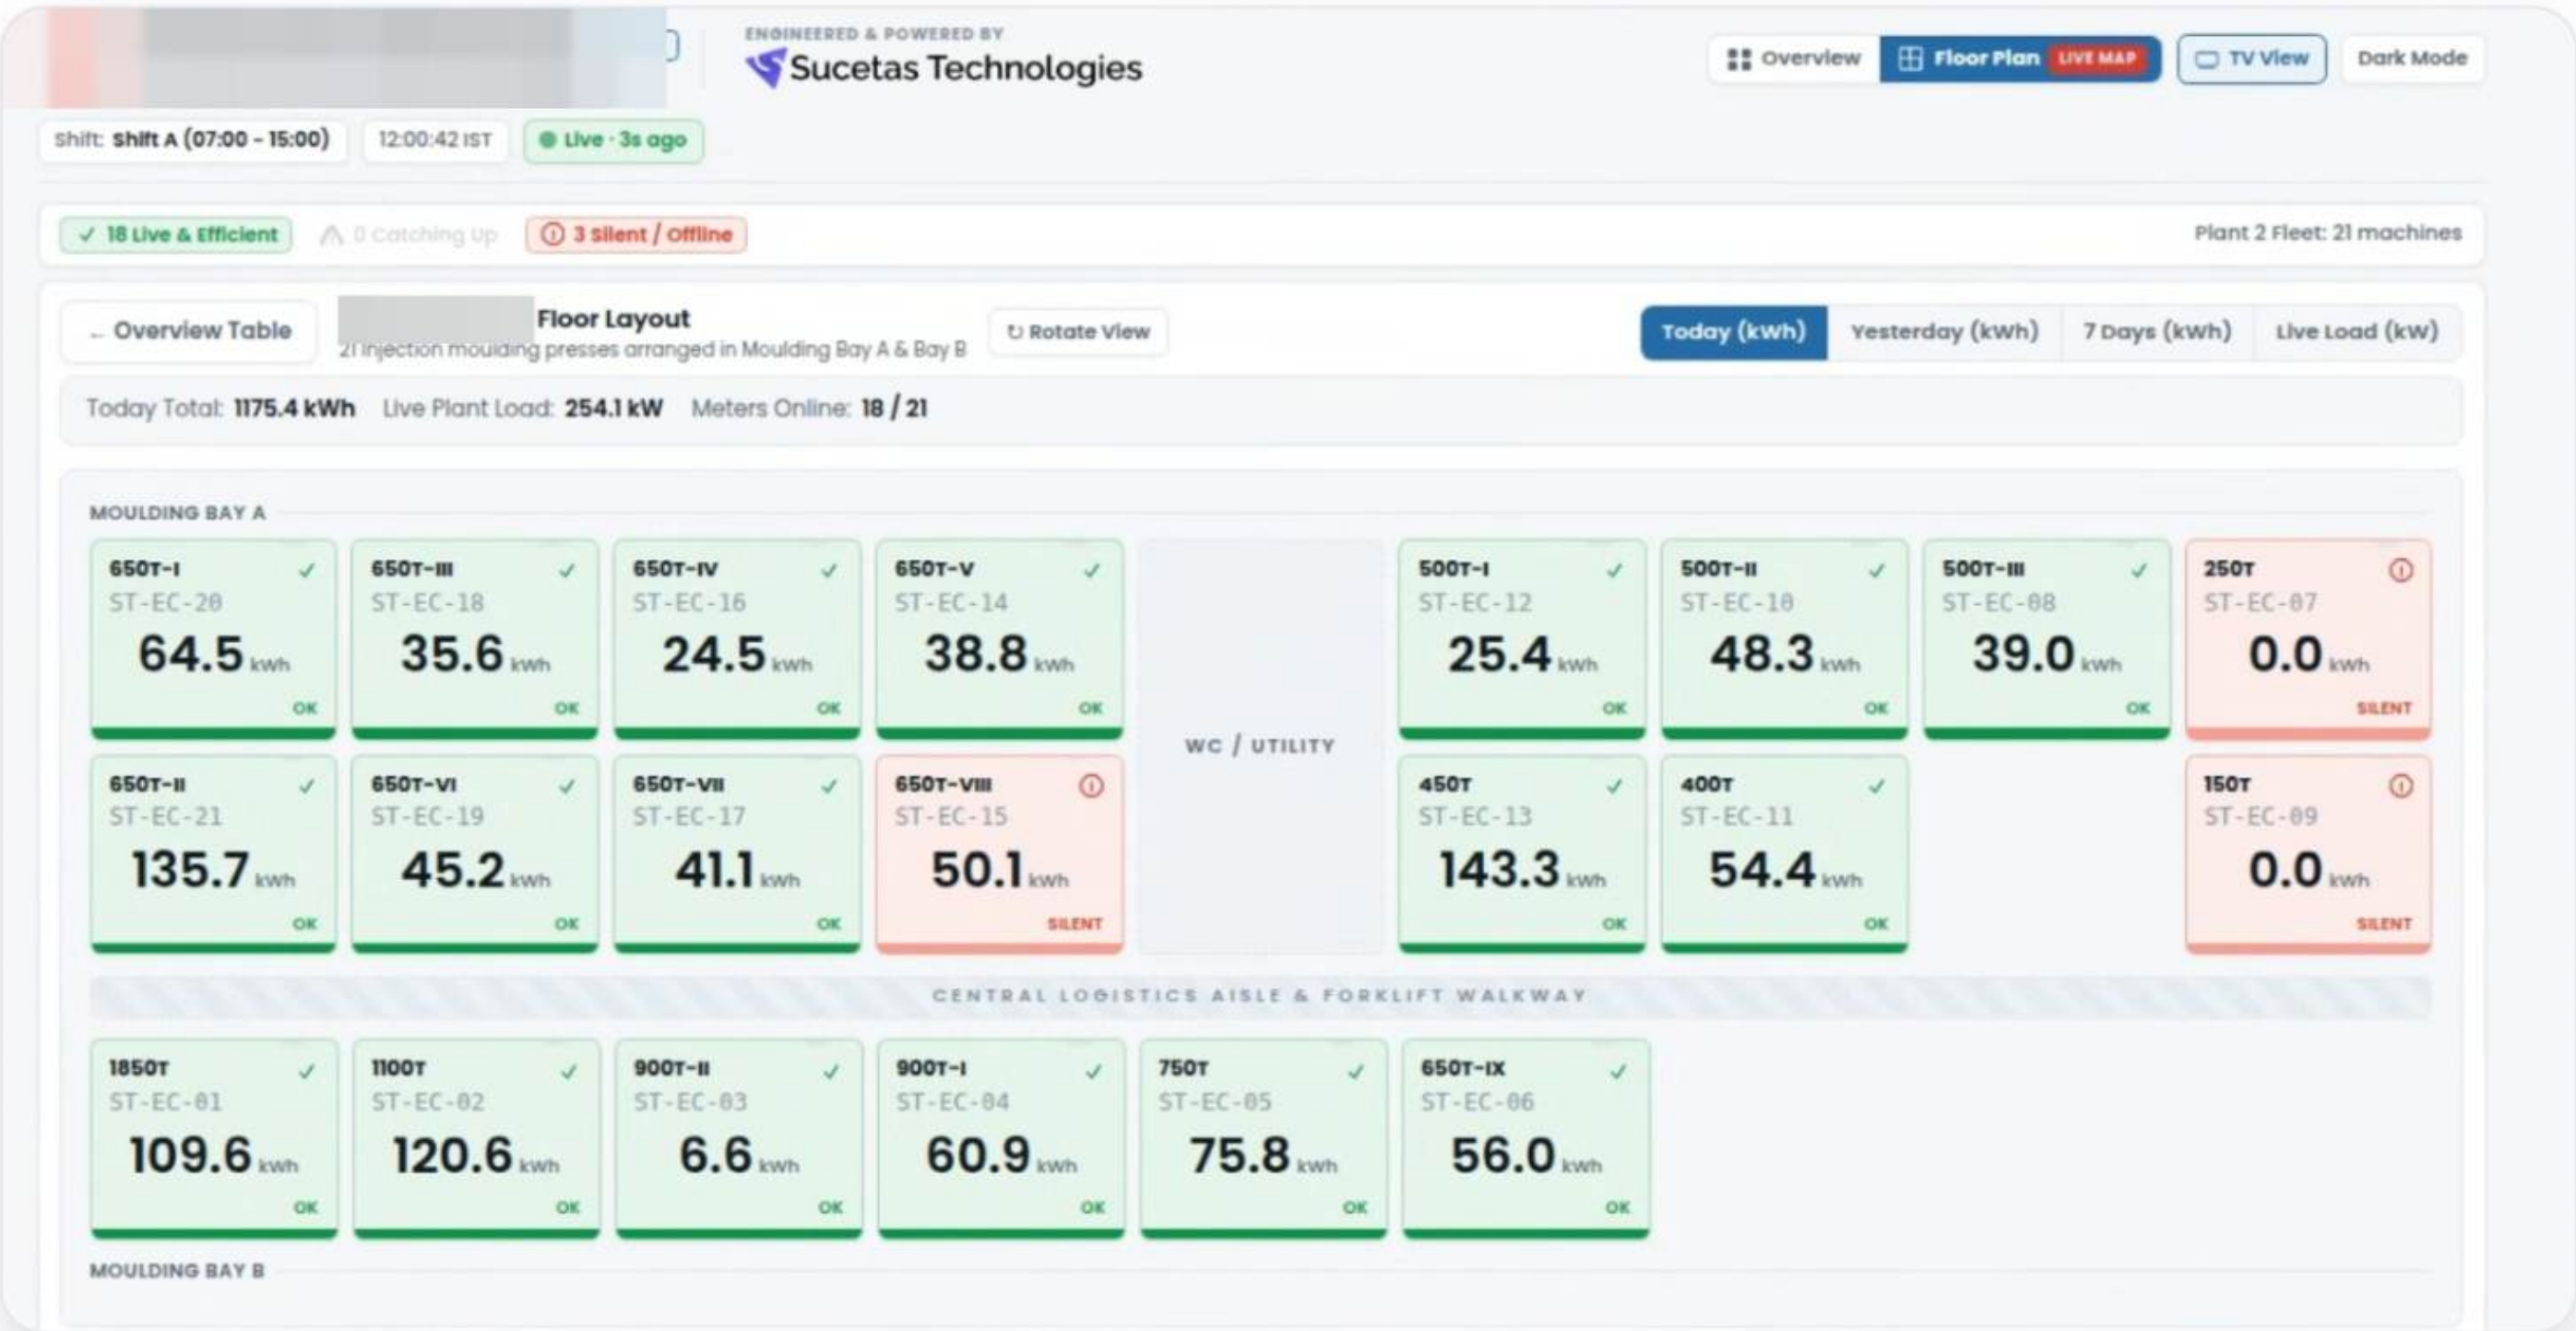

THE PRODUCT

# Live Dashboard & Reports

Open it in any browser on the plant network. Watch every machine live, drill into one, and export energy reports in one click.

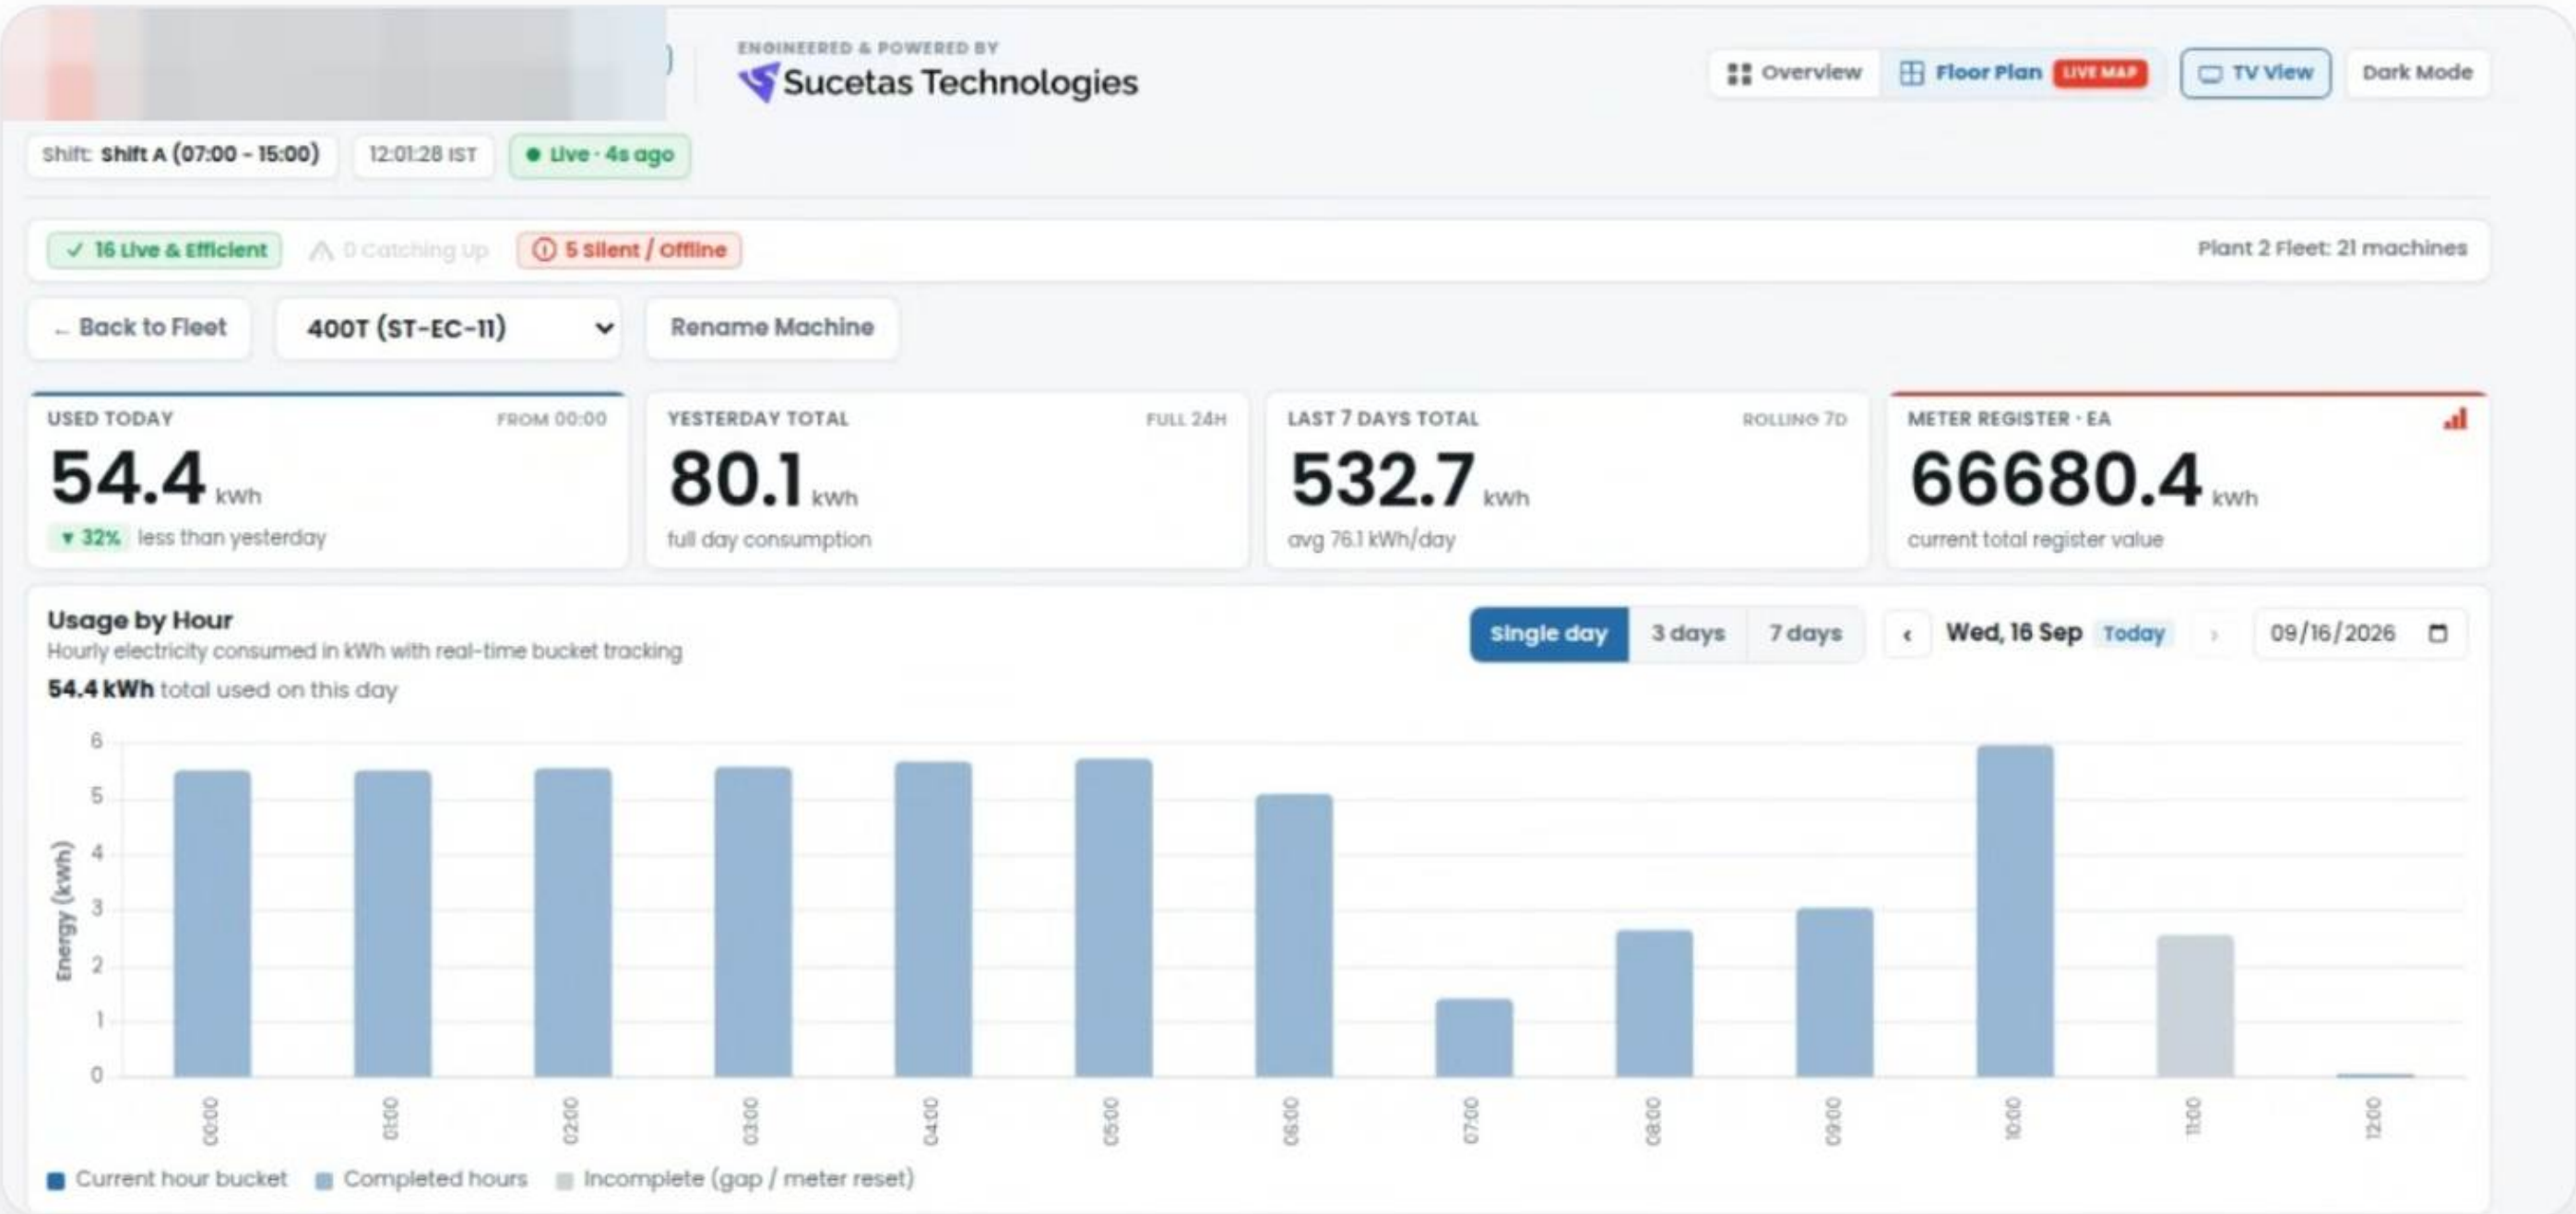

## Plant floor layout

Live load for every machine, on your real floor plan

## Machine detail

Hour by hour and day by day energy for any single machine

TRUSTED BY

# Built with trusted partners

## Clients and partners

## What clients say

"They have been a valuable partner in our digital transformation and have helped us take real steps towards a smarter, more digitised plant."

**Abhijeet More**

Founder, Tech Arch Autocomp Pvt. Ltd.

"Their dedication to quality shows in every delivery, which is exactly why we see them as a reliable technology partner."

**Manohar Nimbolkar**

Founder & Managing Director, Mplussoft Technologies

"They took the time to understand my vision for Aeramide and executed it perfectly, handling everything professionally."

**Vijaya Sirsikar**

Founder and CEO, Aeramide

"Dunefox stood out for its clarity of vision and real-world applicability. A well-executed product with strong commercial potential, exactly what we look for in a winning startup."

**Jeff Chou**
